Learning Objective: You will create new ideas through curiosity from boredom and off-beat prompts	Points	Date Completed	CLB Sign off
<b>Monday [Challenge: 50 Things]</b>	3		
Warm-up: read and annotate "Kids and Screens" article - then prioritize top 3 facts			
Expose: Discuss Screen-Free Week; read exploration notes on "50 Things"			
Practice: Sit for 30 minutes on Main Street, documenting 50 things you observe			
Create: Compare lists and observations - what does this say about our town? About ourselves?			
Reflect: Freewrite for 5 minutes on takeaways from activity and discussion			
<b>Tuesday [Challenge: Magical Found Objects]</b>	3		
Expose: Read exploration notes on "Magical Found Objects"			
Practice: Go on a silent walk. Collect an object and think up a story about its magical qualities			
Create: Write a short short story based on your thought draft			
Reflect: Share your draft with the group			
<b>Wednesday [Challenge: Thought Experiments]</b>	3		
Expose: Read exploration notes on "Thought Experiments"			
Practice: Sit and look at the clouds for 30 minutes. Then list as many questions as you can			
Create: Storyboard a response to one of your questions - short story, narrative, commercial, anything			
Reflect: Share storyboard with the group and your process of creation			
<b>Thursday [Challenge: World of Color]</b>	3		
Expose: Read exploration notes on "World of Color"			
Practice: Walk around town for an hour. Connect paint chips to your observations (places, things, etc)			
Create: Chart your connections between color and your walk (as seen in challenge notes)			
Reflect: Conduct gallery walk of charts - explain your choices to the group			
<b>Friday</b>	3		
Discuss "bored and brilliant" explorations and what it was like to experience life screen-free			
Collect and submit pieces (list and freewrite, short story, storyboard, color chart)
